LEICA qualification: AT901MR - AT901LR - AT401

Following the tests in LNE LEICA AT901MR - AT901LR - AT401 are fully compliant with the supplier's specifications.

Tests fulfilled in the plant of Nantes ran successfully in shopfloor environment for AT401.

AT901 family have already been tested successfully in the past.

In conclusion **AT901MR, AT901LR, AT401** are qualified in AIRBUS

Every need must be review and validated by the Multi Functional Team to be compliant with AIRBUS industrial strategy.

Best regards
